About me

I am 20 years old and I have a passion for **game development**. I love bringing my **ideas** to life and want to make games that bring **joy** to people. I am eager to **explore** and to **learn** while always looking for **opportunities** to expand my horizon.

Education

Bachelor Independent Game Production

Howest – Kortrijk – 2022-2025

- C# Object Oriented Programming
- Stylized 3D modeling and shading
- Game design
- Working for a client

Mechanical shaping technologies

VTI – Ieper – 2016-2022

- Mechanical engineering
- CNC programming and machining
- Technical drawing

Experience

Game jams

I have worked on multiple **game jam projects**. Varying from a **2 days** to a **week** in length. Learning how to work as a **team** and be as **efficient** as possible in the time given. I love to participate in game jams because I think they are a great way to put my **skills** to work.

Student work

- Retail
- CNC machinist

Interests

Aside from games, I am interested in music/sound, cars and nature.

In my spare time, I like to draw or do sports like bouldering or motocross.
